

RAT PORTAGE.

"The Saratoga of the West."

TOWN TOPICS.

The steamer Dr. J. Mather was hauled up on Mr. G. P. Phillips's machine slip this week.

Messrs. Knox, Hall & Brown sent their last crew of men to the lumber woods on Monday.

The Thanksgiving service in the Presbyterian church on Thursday evening was well attended. A collection was taken for home missions.

Mr. Frank Hudson, working with Mr. W. R. Gorrie, had the misfortune to have the first joint of the right forefinger cut off by a robbing machine last evening.

The steamer Konjina arrived on Thursday from Ratby river having in tow the "barge" Bertha. McKay had with 250,000 feet of lumber from Messrs. J. L. Hughes & Co.'s mill.

Our advertisements are steadily increasing. Mr. J. P. Phillips of the Snowflake Bakery, is added to the list this week. He makes regular free delivery daily in Rat Portage and to Norman three times a week.

There was a large meeting of the Christian Endeavor on Monday evening. The subject was a missionary one. Mrs. McKay read an able paper on mission work in Peru. In next week's issue we will give some extracts from it.

The Ladies Aid of Knox church gave a dinner and tea in Campbell's hall, Main street, on Thursday evening. As the ladies' capabilities for catering are favorably known, they were well patronized. There was also a children's social in the same connection last evening.

Sheriff Carpenter received word yesterday morning that there would be no sitting of the District Court on the 24th inst. The sheriff had fitted up the court room with new seats, carpeted the sides and provided better convenience for jurors. After all his trouble the sheriff is not pleased that there should be no court. Judge Lyon has been authorized to try the White case.

While moving the barge Bertha McKay for night on the 6th inst., at the east end of Falcon Island, a man named John Larose, while in the act of throwing a line, fell backwards into the water, between the steamer Konjina and the barge, and but for the assistance of a young man named Alexander McIntyre, Larose would very probably have been drowned. The young man McIntyre displayed a great deal of courage and energy, and deserves a great deal of credit for the plucky act.

Carrying out the custom established in previous years by the C.P.R. that company again announced their return excursions for this year. These excursions will be run daily from the 1st to the 31st December, inclusive, and the rate from Rat Portage to all points in Ontario and Quebec, Montreal and west is \$40. Equally low rates are being made to points in Quebec east of Montreal, New Brunswick, Nova Scotia and Prince Edward Island. These tickets are good for ninety days and can be extended for a further period on payment of a small additional amount.

Interest in the coming municipal elections is growing. Mr. W. H. Young says positively he will not be a candidate for reelection to the office of Reeve. This leaves the field open to new aspirants. Of the present council Messrs. A. Campbell and H. Biddart are mentioned in connection with the Reeve ship, but neither seem inclined. Mr. H. F. Holmes has been asked to run but positively declines. Other possible candidates are Mr. J. M. Savage and Mr. C. W. Chadwick. Though it is thought these two would not be opponents. Mr. D. O. Cameron's name has also been mentioned in connection with the Reeve ship, but we understand he would decline a nomination. It is thought that none of these named would oppose Mr. Savage if he were a candidate. In connection with the offices of council there is not yet much interest manifested. The names of Councilors Rideout, Campbell and Nash are spoken of for reelection, and new men suggested are Messrs. C. W. Boylen, J. R. Boyd, J. E. Dwyer, and no doubt there will be others as the day of nomination approaches. One important point that the electors should guard against, that is to be careful about pledging their votes to any one who will really be candidates and what their views are on the important questions that affect the municipality. The time has arrived when incorporation as a town is necessary, and the new council should comprise our best and ablest men.

The roof is being put on the new registry office.

Capt. Mosher has secured the contract for carrying the mail between Rat Portage and Rainy river points.

Knox church services on Sunday will be at 11 and 10 o'clock. The pastor, Rev. R. Nairn, B.A., will preach morning and evening.

The services in the Methodist church tomorrow will be conducted by Rev. Mr. Jamieson in the morning and by Mrs. Jamieson in the evening.

A bazaar social will be given by Rat Portage Council, No. 68, R. T. of T., in Campbell's hall, Main st., on Friday evening, Nov. 27th, to represent the past and present. Visitors will be dressed in costume. Tea will be served from 4.30 to 2 o'clock. Tickets 25 cents. A good program will be rendered during the evening.

The special evangelistic services held in the Methodist church this week have been productive of deep spiritual interest. On Tuesday evening the subject of discourse was "popular amusements" by Mrs. Jamieson, and she handled it well. On Wednesday Rev. Mr. Jamieson replied to some questions propounded by letter, and on Thursday evening there was a song service. Last night the subject was "gambling." The meetings will be continued next week.

An interesting service was held in St. Alban's church in the evening. The choir, under Mr. H. Carpenter, organist, rendered the special musical service in a very creditable manner. Rev. Mr. Fortin, the pastor, selected as his text Job 12, 8, "Speak to the earth and it shall praise the Lord." After mentioning the many national and individual blessings enjoyed during the year, especially the abundant harvest, he forcibly impressed upon his hearers the Christian duty of thankfulness. Giving of our substance for charitable works or for the support of church ordinances should emanate from a sincere love of God and not from a desire of self-glorification or praise of man. The offering, which was for the home mission fund, was a liberal one.

ADDRESSED, DESKED, CANED AND CASED.

Mr. E. C. Magee, having decided to leave town on Tuesday night last, a number of his intimate personal friends, trying themselves as the laymen, would and surprised him by presenting him with a handsome gold-headed cane and a beautiful dressing case, accompanied by a very complimentary address. After the special service in the Methodist church the same night, Mr. Magee was called to the front and Mrs. Nairn read the following:

To E. C. Magee, President Zion Methodist church, Epworth League:

Dear Sir and Bro.:—We, the officers and members of the League, avail ourselves of the present opportunity, on this the eve of your departure from our midst, of giving expression to the feelings of high esteem in which you are held as president.

We gladly bear our grateful testimony to your ideal fidelity and success with which your onerous duties have been discharged in the past, and rejoice in the growing prosperity of the League, which is largely due to your self-denying efforts and faithful attention to the work.

It is gratifying that our intercourse with you has been of the most pleasant and happy character, and trust that it may ever continue.

Accept as a slight recognition on our part, of your faithful services, this writing desk and dresser.

We sincerely trust that, wherever your lot in life may be cast, the blessings and prosperity of an all-wise Providence may be yours.

Signed our behalf the League,

O. B. NEADS, Secretary.

Mr. E. A. Benson made the presentation. The dresser was an excellent oxidized silver one and the desk, fine rosewood. Mr. Magee replied in appropriate terms thanking the League for their handsome presentation.

The Epworth League was organized by Mr. Magee as the president, and he so earnestly and efficiently discharged his duties that the church will greatly miss him.

The Lake of the Woods Milling Co. are having their elevator sheeted with corrugated iron. When finished it will present a very fine appearance.

Being 75 cars behind the Lake of the Woods Milling Co.'s employees could not take a holiday on Thanksgiving day. Thus is business pushing at the mill.

Dick, Banning & Co. have a gang of men at work putting in a new headgate and enlarging their raceway. Their mill is to be thoroughly overhauled during the winter and the capacity greatly increased.

A meeting of the officers and teachers of the Methodist Sunday School was held last Monday evening at which it was decided to hold their annual Christmas tree entertainment on Christmas eve, Dec. 24th.

Mr. R. Allen has commenced work on his skating rink. It will be 160 feet long, 90 feet wide and 14 feet high. It will have a floor and a part partitioned off for a band of music, which Mr. Allen is organizing.

On Thursday last an old timer passed over to the great majority. Mr. Thos. Douds was at Mr. B. Reuben's hotel, and had taken a plate of soup at noon. He arose from the table and passed from the dining room, but did not reach a seat in the next room before he dropped and died in a few minutes. Judge Lyons came over from Rat Portage in the afternoon and enquired into the circumstances, but deemed an inquest unnecessary as the deceased was known to have suffered from heart trouble of which he died. The remains were interred at the Union Park cemetery, Rat Portage, yesterday.

A MEMORIAL ALBUM.

The Empire is sending out a Premium with the Weekly Mail, which will be highly prized by the friends and followers of the late Premier of the Dominion. It is in the shape of a Memorial Album, illustrating the career of Sir John Macdonald, from his birthplace in Glasgow to his last resting place in Ottawa Cemetery. The series of handsome views are in photographic, executed in a manner that is a credit to Canadian art, and comprise an excellent photographic of the old Chieftain, taken a short time before his death; a handsome portrait of his devoted widow, the Baroness Macdonald; his birthplace in Glasgow, being a view of Brunswick Place near the Terrace, which will be recognized by all who are familiar with that city; a portrait of Sir John as a young man, being a full-length of the earliest photograph known to be in existence; an excellent and striking likeness of his mother, from whom he inherited his force of character and genius; the old home on Riccarton street, Kingston, in which he lived during the rebellion of 1837; the finest view ever published of Macdonald's well known residence in Ottawa; interior view of the Senate Chamber, as it appeared with the body lying in state, obsequies, floral tributes and the members of Parliament bidding the remains, with the Queen's wreath resting on the coffin; the funeral procession forming in front; the funeral passing the Eastern block, with fine view of the buildings; a handsome view of the City Hall, Kingston, through which it appeared on moving of funeral; beautiful photograph of the grave at Ottawa, with the floral offerings and candles guarding it; exterior view of Westminster Abbey, in which memorial service was held; from an elegant etching; photographic view of interior of Westminster Abbey, in which it is supposed to rest; memorial tablet in crypt of St. Paul's Cathedral. The cover of this collection of photographs is a beautiful work of art, the title being richly embossed in silver, with a medallion of the Chieftain in relief, surrounded by his most important words. "The first subject I was born, a British subject I will die," while the background

shows shield with the British arms, and the whole is surrounded with daisy in royal purple, fringed with silver. A premium like this has never before been offered by a newspaper in Canada, and will no doubt be eagerly sought after, as it will be an ornament to a parlor table as well as a valuable souvenir of the old Chieftain.

CANADA FOR OCTOBER.

"Canada" is rapidly winning its way into Canadian hearts and homes. The number for October contains, in addition to the continued articles, a beautiful poem called "Una in the Wilderness," by Thos. C. Robson; an imaginative and suggestive essay by Estor Felix, "The Heart on the Slopes," a story by L. L. "The Gaiters," some fine verses by Eric on "Indian Summer at Montreal," a rendering in verse of a Danish Legend, by the Editor; and some choice selections, including a fascinating story from the Independent, "Shon McGinn's Toboggan Ride." All who subscribe for 1892 now will receive the last three numbers of this year free. One dollar will pay for five months. Published by Matthew B. Knight, Benton, New Brunswick.

WAKE UP.

The age is one of rapid progress—and we are in it. Our patrons are among the most progressive of the nation. They are quick to take advantage of a good offer. We make a great many, but when we recently offered a set of the memoirs of Sir John Macdonald, Sir John Macdonald or Lee, in their respective original editions, for 50 cents a set, in connection with a year's subscription to the Cosmopolitan Magazine, \$8, and a year's subscription to this paper, \$1.50—\$4.50 in all—we fairly outdid ourselves.

Thousands of orders have already been received by the publishers, so that if our friends wish to avail themselves of this extraordinary opportunity, they must wake up. No such offer has ever before been made to the reading public, and it is doubtful if it will ever be duplicated.

Again we say "Wake up!" If not on reading terms with the magazine, send postal card request for a free sample copy to the Cosmopolitan Publishing Company, Madison Square, New York City.

If you want to buy or sell a farm, advertise in the Toronto "Weekly Mail." This paper reaches 100,000 farmers' homes every week and your advertisement should meet the eye of some one who wants to purchase. Advertisements of this class are inserted in the Toronto "Weekly Mail" for five cents a word for each insertion or twenty cents a word for five insertions. Address "The Mail," Toronto, Canada.

Dr. Clark's White Liniment

The Great Stable and Household Remedy.

HORSEMEN ATTENTION!

Horsemanship throughout the country have long felt the need of a first-class Stable Liniment applicable to the thousand and one external derangements incident to horsemanship. The various preparations on the market are in some cases useful within a very limited sphere, some for sprains, some for galls, some for puff, others for sprains, and so on ad libitum, until a farmer or rancher would need to keep a small apothecary shop on his premises to meet the various requirements of even a small band of horses. In addition to this there is the trouble and expense of renewing supply, as other preparations are usually put up in such small bottles that in most cases one bottle is good only for one application.

Dr. Clark's White Liniment is dispensed all these difficulties. It is the most important departure in recent years in the interest of RELIABLE and ECONOMICAL veterinary treatment. It has been found useful in a greater variety of disorders and blemishes than any other liniment ever sold; it has been proved of greater service to horse owners than any other horse medicine of the century. It is not a drastic, flesh-withering liniment, but a powerful, soothing, healing liniment. It is put up in pint bottles, and sold at 50 cents per bottle. It is six times as large as most liniments on the market, far more reliable and vastly more economical. For puff, sprains, strains, sprains, wind galls, ringbones, muscular enlargement, or any kind of bruises, contusions, colds, galls and saddle galls, it will be found a remedy par excellence. For swollen legs it is a specific, also for sprains and recent lameness.

Horsemanship in all parts of the globe. Testimonials pour in from all quarters. We have not room in this brief sketch to reproduce the opinions of the hundreds who have testified to its value. We can only give the gist of their remarks and think from that a few.

IT WORKED LIKE A CHARM.

H. Coy, livery stable keeper, Grenfell, says: "I used it on an enlargement on a horse's leg, and it worked like a charm. It is a great liniment."

GOOD FOR HER FEET QUICKLY.

W. A. Barlow, Buffalo Lake, says: "Had a mare badly hurt from a kick. She was able to go to work again in three or four days after using White Liniment."

FOUND IT VERY USEFUL.

Green & Lastoll, ranchmen, Moose Jaw, says: "We have used a great many bottles of Dr. Clark's White Liniment and it is very necessary for all kinds of sprains, cuts and lacerations."

WORKS LIKE MAGIC.

Wm. Walsh, livery stable keeper, Moose Jaw: "I used White Liniment in my stable and find it works like magic."

ONLY LINIMENT HE USES.

Steele Morris, Lethbridge, says: "It is the only liniment I use and I run fourteen teams."

IT SAVED HIM \$250.

E. A. Banbury, Wolseley, Assin., had a valuable mare so badly cut on a back wire fence that his neighbors advised him to shoot her. He used Clark's White Liniment instead and saved her life.

Dr. Clark's White Liniment is on honest stable remedy. Honest in quantity, honest in quality, pure and satisfactory in effect. Henry Penhollow, Balfour, Alta., says: "I have used it on many occasions, and it has always done me good." Charles Brown, Regina, says it is the best liniment sold. T. W. McLaughlin, Lethbridge, says it soothes cuts and saddle galls as no other.

Charles Williams and Samuel Deane, large horse owners of the Fort Macleod district, will have no other liniment.

Robert Porter, of Ponca, Assn., has used Clark's White Liniment for frost-bitten cattle and declares it is the best medicine he ever used.

G. M. Amory, Medicine Hat, Alta., writes: "Dr. Clark's White Liniment is the only liniment that finds a place in my stable. It cures all kinds of sprains and swellings, and I have occasion to use it frequently. I can now use it on any reliable horse that I wish to ride."

In the racing country, men who buy this medicine for the track. It has found its way into the stables of British Columbia, into every corner of the Northwest Territories, and is not mentioned in vain. It is a real horse owner's friend, and never disappoints. Ask your druggist or horsekeeper for it. Don't take any other. Substitutes are often dangerous and inefficient.

Just the thing in Lumber Camps and Saw Mills, and in all kinds of places. The bottles are not down to hold a tablespoonful of Medicine. Every bottle costs a FINE.

Any person who explores vacant Dominion Lands not acquired or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for minerals, deposits, with a view to obtaining a lease for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or useful substance within the limits of the location claimed.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, not more than 100 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon making out his location on the ground in accordance with the regulations in that behalf filed with the Agent of Dominion Lands for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an advance fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing proof with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

Deputy of the Minister of the Interior.
